Corporate Summary

INTREorg Systems, Inc., or INTREorg, is a consulting and SaaS provider for publically traded companies. The company is built on the knowledge and experience of over five decades of capital markets experience. INTREorg's services play a vital role in helping companies understand broker-dealer, clearing firm and shareholder position movements and how they impact a company's market value.

Company Highlights

- **Stock Transfer Analytics** – A web based tool that provides information to help CEO's, CFO's, General Counsel and IR Professionals manages the complexities of being public. The software provides reporting:
 - *Complete Shareholder Report* – listing of all shareholders both electronic holders and certificate holders
 - *Shareholder Differential Report* – provides data on new shareholders, shareholders who increased their position, shareholders who decreased their position, and shareholders who liquidated their position.
 - *Clearing Differential Report* – provides updated data on changes in Clearing Firm holdings.
 - *Active Sellers Inventory Report* - Inventory of positions in the accounts of Shareholders who are liquidating their positions.
 - *Shareholder Growth Report* – Inventory of positions of the number of shareholders
 - *Buyer/Seller Alerts Reports* – Notification of activity by individuals who are restricted in their activity in the stock. This includes but is not limited to Directors, Officers, Insiders, and holders of Material Non-Public Information.
 - *OBO Tracking Report* – Tracking of Objective Beneficial Owners as they enter the system until they liquidate their position.

- **Analytics Consulting** – INREORG's Consulting Services leverages the information generated by the Stock Transfer Analytics. INTREORG's Consultants help companies on pricing and timing of offerings, how to deal with the illegal distribution of unregistered securities, how to leverage Shareholder demographics to grow the Shareholder base, etc.
